Dear Director General,

I have the pleasure to inform you that the Czech Government decided on April 20, 2011 by its decree No. 282 that the Czech Ministry of Transport will coordinate all space activities in the Czech Republic.

The Czech Ministry of Transport also takes over all competences of the Czech Ministry of Education, Youth and Sport concerning European Space Agency (ESA) matters. The official communication of the Czech Ministry of Transport will follow in the near future.

I am convinced that the decision of the Czech Government will result in optimizing and consolidating of Czech approach to the space issues and in maximizing of efforts of all stakeholders representing the Czech Republic in international forum or participating in space programmes.

Yours sincerely,

Mr. Jean-Jacques Dordain
